# AG RESCUE TRAINING

October 23-24, 2026

**Emergency response to farm incidents remains a challenge to rescue services.** It is also challenging when fewer personnel in today's rural departments have agricultural backgrounds. This program is designed for Emergency Medical Technicians (EMTs) and rescue personnel to supplement basic emergency knowledge, skills, and ability with training for agricultural incidents. This program will challenge your knowledge regarding specific farm incident situations while providing take-home-and-use information.

**Friday, October 23 • 5:00 — 9:30 p.m.**  
**Mid-State Technical College • Marshfield Campus**  
*In-person attendance is recommended; however, virtual attendance is an option.*

**Saturday, October 24 • 7:00 a.m. — 4:30 p.m.**  
**Heiman's Holsteins • Chili, WI**  
*In-person attendance is required.*

If you have questions about this event, please contact:  
**[workforcesolutions@mstc.edu](mailto:workforcesolutions@mstc.edu) • 715-422-5339**

If you have a disability and require accommodations to participate in this activity, contact the event coordinator as soon as possible, ideally 14 days in advance.

**[mstc.edu](http://mstc.edu) • 888-575-6782 • TTY: 711**
